

## Vintage charm

I want a 'cottage flowers' look with fragranced blooms to create a vintage feel on our day.

How can I achieve this? *Fiona, East Grinstead*

"For a vintage country look you could mix scented sweet peas with garden roses, hydrangea and peonies," says Marianne Johnson at Sweet Pea Floral Design ([sweetpeaflowers.co.uk](http://sweetpeaflowers.co.uk)). Why

not display them in vintage vases to complete the look? Idyllic Days ([idyllicdays.com](http://idyllicdays.com)) hires out pretty tea cups and saucers, from 50p each. For fragrant roses, check out The Real Flower Company ([realflowers.co.uk](http://realflowers.co.uk)) or consider adding sprigs of lavender or mint into your flower arrangements.
